

The **NACA® Foundation** was established in 1982 to develop and provide educational programs and services for college and university students, professional staff and others who work in the field of student activities.

The Foundation currently offers a variety of scholarships to assist undergraduate students, graduate students, professional staff and associate members in pursuing educational interests and career development.

When you support the Foundation, you are a part of something really special: a community dedicated to developing knowledgeable and innovative leaders through research and scholarship. Since 1982, our donors' belief in the NACA® Foundation as a valuable community asset has made it possible to award numerous scholarships, research grants, and professional development opportunities to members of the campus activities community. We take great pride in our mission and accomplishments, and with your continued support, we can persist in advancing the field of campus activities.

A Few of Our Recent Scholarship Recipients

Moriah Wallace

Through my doctoral program, I will advocate for underprivileged and minority students, contribute valuable research that provides a holistic perspective and create schools where young minority students will excel without limitations in pedagogy, curriculum, and support. I will build a better future for generations and pay it forward so others can continue the Auburn legacy.

Zaynab Mirza

As a recipient of the Harris Goldberg Scholarship, I am eternally grateful for the financial assistance provided for my college education. In addition, a long-term career goal I have is to work in international development either as a diplomat, global policy researcher, or coordinator at an NGO, so this award takes me one step closer to my dreams. Once again, I am filled with a deep sense of gratitude and honor as a recipient of the Harris Goldberg Scholarship, and I promise to make the most of this wonderful opportunity.

Grace Darko

Thank you to the NACA Foundation for selecting me as a scholarship recipient. I will be using these grant funds to attend a NACA Conference and I am excited to gain insight into the pathways of strategic planning and resulting innovations that exist across institutions of higher learning. As I continue in my career towards holistic healing through community-based care, I would like to learn from leaders and peers about their support-systems for students that I could tailor to the communities I participate in.
